*Our candies  
are legends*

**monk's**  
il gusto di Respirare

Akellas is the confectionery company which launched Monk's balsamic candies in 1954.

In doing so it combined the tradition of the age-old recipe with high quality, carefully selected ingredients, the experience of skilled professionals and the efficiency of cutting-edge technology.

In addition to Monk's balsamic candies, Akellas also offers candies made with and without sugar, from the much-loved fruit classics to more original flavours such as coffee.

*Our candies are legend*

*A fantastic legend...*

*Legend has it that in England a monk named William of Doncaster prepared herbal teas and tisanes to combat seasonal diseases in 1817.*

*By mixing menthol and eucalyptol, he came up with candies with an intense, rounded flavour which combined balsamic benefits with the pleasure of persistent freshness.*

*From this ancient recipe came Monk's, the monk's candy, which is still prepared to the recipe of the legendary Friar William to this day.*
